

Garlic Scape Pesto

Garlic scapes, or whistles, are the blossom or sprout that grows from the garlic bulb. They make only one appearance mid-spring. Puree 1/4 lb. of scapes and 1/2 cup olive oil in a food processor until smooth. Stir in 1 cup of grated parmesan cheese and 3 T fresh lime or lemon juice, and season with salt to taste. Serve on bread, crackers or pasta. Very special indeed.
